# ROCKET MAIDS

The “Sponsor Spotlight” is designed to help you learn more about the sponsors that have partnered with your community. We will share information about their business, background, interests and what makes their product or service unique. In this September issue, we feature Eduardo and Heather Mendez, owners of Rocket Maids as this month’s Sponsor Spotlight.

**How long have you lived in the area?** I am originally from Decatur, AL, our family moved to Houston, TX, in 2004, and recently moved back to Madison and we love it here!

**Tell us about your family:** My husband and I, Eduardo have 2 beautiful daughters. Isabella is 12, and Eleanor is almost 4 yrs old.

**Tell us about the events that led up to where you are now:** Eduardo has been in the commercial cleaning business for many years. He worked for national companies as a regional manager and managed and owned his own local company in Houston, TX. When we moved to Alabama to be near family, we decided to open Rocket Maids. We wanted to expand to residential and continue to service commercial as well.

**What is your business and how/why did you start your business?** We are a local cleaning/ janitorial company. Servicing both residential and commercial. We started Rocket Maids because

we saw a need for a local cleaning company in the greater Huntsville area that offers quick and easy quotes, and technology.

**What is unique about your business?** We pride ourselves on customer service, competitive pricing, 100% satisfaction and the use of technology we offer to our clients. We can give you a quote from our website & it only takes a couple minutes. We don’t have to waste your time by coming to your home for the initial quote -- you can book, pay, schedule and add items, etc. all online! We send confirmation emails & reminders. But, of course, if you would like to meet first, and schedule a quote in person - or pay in person, we are happy to do that as well!

Given your business expertise and the nature of what you do, what advice (whether general or specific) can you offer to the residents? We truly believe a clean home is a happy home! We all stay so busy trying to juggle many things, it’s great to have a cleaning company you can trust to take care of your home so you can focus on what truly matters!

We also offer home organizing and home staging. Before listing your home, it’s a good idea to declutter, clean and stage! We can give you a personalized quote based on your home size/needs.

**What else can you share about you, your family or your business?** We love supporting local businesses and we appreciate the support and referrals from our community! Madison is a wonderful place to live and raise children. You can find us at the local farmer’s markets, taking out our kayak or hosting and cooking for our friends and family in our off time!

To tackle those chores that can be so time-consuming, contact Rocket Maids or visit their website for a quick and easy quote.
